# Fall In L♥ve With Careers!

**“Choose a job you love, and you will never have to work a day in your life.”- Confucius**

Any working adult will tell you: working everyday does not feel like work—if you are doing something you enjoy! According to data collected by the Bureau of Labor Statistics in 2015, adults held an average of eleven different jobs in their lifetime.<sup>1</sup> Many teenagers are beginning to search for their first job while others are considering which career will be “the right fit”. Part of the

professional school counselor is to assist students with career exploration, resume building, and post-secondary planning.

The Arundel High School Counseling Office will be hosting several career events throughout February and March to help students secure their first job or decide which career is right for them. Here are some of our featured events for the month of February:

## Academic Planning: 2017-18 School Year

The Counseling Office will begin scheduling students for the 2017-2018 school year on February 9th.

Beginning February 9th, counselors will meet with students through their English classes to discuss course recommendations and conduct academic advisement sessions.

After each advisement session, students will be sent home with a copy of their course requests, a transcript, and a letter for parents explaining the next steps in the

scheduling process. **Please review your students' course request, note any changes, sign the parent letter and return it to the Counseling Office by March 24th.**
