

Things that make You can do with Revit

Why are the rooms laid out that way?

Interior Design

How many Square feet is this home?

**We'll discuss these
topics and more this
year in**

How can we utilize Green Architecture?

Working Together

Things You Should Always Do:

- Be prepared to learn (pencil etc.)
- Turn in stuff on time
- Actively participate
- Use Pride Period effectively
- Be respectful to everyone
- Come with your flash drive everyday

Things I Should Always Do

- Make sure you review your notes
- Be prepared to teach
- Make class interesting
- Be consistent and fair
- Give stuff back on time
- Get you ready for your assignments
- Be respectful to everyone

This year, we will look at different aspects of house designs.

For each aspect of the house we will look at the following:

- Structure of the home.
- Room layout.
- Traffic flow throughout the room.
- Style of architecture.
- Historical influences in style.

AS WE GO, WE WILL COMPARE THE TYPES OF DRAWINGS WE STUDY TO FIND SIMILARITIES AND DIFFERENCES.

Activities You'll Be Doing This Year

Floor Plans
Multi-Sectional Views

Revit
Plot Plants

3D Modeling

Historical architecture
Dream house design
