

# AM Drop Off Traffic Flow & Tips

- Must follow pre-determined traffic patterns and follow directions of the traffic duty employee.
- Drivers need to obey “rules of the road” on AHS campus.
- At times it may be necessary for a traffic duty employee to address a driver and ask them to move their vehicle. Please be compliant without argument.
- The following areas are off limits for drop offs: Gym (F) parking lot, cross walk by exit of visitor/administration parking lot, and visitor/administration parking lot.  Only parents entering the building or dropping off students needing ramp access due to crutches or wheelchair should be entering A-lot before school.
- When you leave stadium (G) lot, you cannot go back down to the middle school. You must exit back out to the main entrance onto Rt. 175.
- Keep in mind that when buses drop students off they will sometimes block the exit of the stadium lot. You will need to wait.
- Please have students exit your vehicle as soon as you are close to the Science wing sidewalk. Do not wait until you are right in front of the door as that slows down the exit out of the lot.
- When exiting stadium (G) lot, you **may not** make a right **into the bus loop**.
- **7 a.m. – 7:15 a.m. is the heavy a.m. traffic times.**
