“Sometimes you have to take a break from being the kind of boss that's always trying to teach people things. Sometimes you just have to be the boss of dancing.”

- Michael Scott

This course includes a broad view of business objectives. It specifically emphasizes phases of organizing, financing, establishing, operating and managing a business. Management simulations and internet research activities are incorporated into this class.

Unit 1: Managing & Management Responsibilities

Unit 2: The Environment of Business Management

Unit 3: Business Organization & Management

Unit 4: Financial Management

Unit 5: Production & Marketing Management

Unit 6: Human Resources Management
