

# Attention All Arundel Science Students! Science Fair 2016

**ALL students** are encouraged to do a science fair project in the Fall. **Students in Honors Chemistry and Honors Biology will be required to complete a science fair project.**

Summer is a great time to start thinking about ideas for your project. Please remember all projects will have to be approved by your science teacher in the fall. These projects must be rigorous in order for you to have a valuable science experience.

Please email the Science Department Chair, Krystal Gulden, at [kgulden@aacps.org](mailto:kgulden@aacps.org) if you need help finding ideas for projects.
